Daniel L. Robertson

2014

6308 Sloan Square. Atlanta, GA (571) 451-9241 danlrobertson89@gmail.com danrobertson.org

EXPERIENCE

September - present	ORISE Fellow, Centers for Disease Control and Prevention
	 Created a framework in C++ using computer vision and machine learning techniques with object oriented design patterns to retrieve handwritten data from surveys Used web scraping techniques with Python and MongoDB to automate the quality control of data deliveries to the team Provided high quality data visualizations to aide in the analysis of data Maintained, secured, and configured team computers running on Linux
October - August 2013 - 2014	Intern, National Association of County and City Health Officials
	 Created reports and tools for the analysis of surveys in R Conducted an extensive longitudinal data analysis using R Used data visualization tools in Python to create geovisualizations for reports
December - April 2014	Intern, Association of State and Territorial Health Officials
	 Synthesized data and current literature for reports Assisted in the creation of surveys
	EDUCATION
2012 - 2012	Master of Public Health in Epidemiology George Mason University
2012 - 2014	Graduate Certificate in Biostatistics George Mason University
2007 - 2012	Bachelor of Science in Community Health George Mason University
	Software
	bfork
2015 - present	 Author of bfork, https://cran.r-project.org/web/packages/bfork, an R package for basic Unix process control. The package allows R users to quickly fork and manage child processes.
2015 - present 2015 - present	
-	Unix process control. The package allows R users to quickly fork and manage child processes. LibreOffice
2015 - present	Unix process control. The package allows R users to quickly fork and manage child processes. LibreOffice Submitted over 40 accepted patches to the LibreOffice core
2015 - present	Unix process control. The package allows R users to quickly fork and manage child processes. LibreOffice Submitted over 40 accepted patches to the LibreOffice core C/C++, Python, Scala, SQL, R, Bash, MEX
